

Thank You

For making **Leadership Bootcamp (LBC) a Grand Success**
Youth Parliament Program (By Swatantrata),

We would like to take this opportunity to thank our speakers, participants, partners, delegates and everyone else who supported our conference. We appreciate the time, efforts and enthusiasm of the participants.

Co-Hosted by

Event Partners

FROM THE FOUNDER'S DESK

I'm quick to say I didn't. We did it - our team, VNRVJIET faculty, VNRSF Team, our delegates, and everyone else who supported our conference, our supporters, YPP is a symphony of indispensable players. We're all on the same page, passionate about our mission and committed to excellence in everything we do.

The youth speak up and make an impact on the agenda to bring out a change in our country. They take on the policymakers and highlight the need for new thinking that will take the country forward. The Youth Parliament Program will be a debate between the best debaters and policymakers and opinion-makers. To Create Awareness and Empower Youth through Youth parliament sessions where Youth can come together, think, discuss and debate on various issues, such as Education and Health, Electoral and Political Reforms, Judicial and Police Reforms, Local Governments and citizen-centered governance, Governance Reforms, Instruments of Accountability, Public Policy Reforms in India. The platform will inspire the youth to express their views in an organized way. It will also allow for the emergence of bright future leaders.

We have set our sights on even greater and more impressive growth in 2020—and your support is critical as we make these ideas and policies familiar, credible, and compelling to the rising generation.

Thank you!
Raghavendar Askani
Founder of Youth Parliament Program ,
Co-Founder and Director, Programs at Swatantrata

ABOUT US

Who we are

Youth Parliament Program initiative by Swatantrata, YPP is an ideal platform for socially conscious youth to express their views, ideas and to bring out a change in nation building process.

What we do

To Create Awareness and empower youth through Youth parliament sessions where youth can come together, think, discuss and debate on various issues in India.

Our Goals

The platform will inspire the youth to express their views in an organized way. It will also allow for the emergence of bright future leaders.

Youth Parliament Program Team

LEADERSHIP BOOTCAMP

The Leadership Boot Camp is a flagship project of Youth Parliament Program (YPP) and LBC is a crucial BootCamp that focuses on the three areas of – Policy Development, Sustainable Development Goals, and Technology. This program provides the like new generation with an understanding of contemporary reforms in the world and helps them grab the networking opportunities to facilitate knowledge-sharing, connections, and real-time action on these issues.

3Days of Event, 100+ Delegates,
35+ Expert Speakers,
25+ Workshops, 25+Topics

THEAMS FOR 2020

POLICY

Engaging with policy makers -
Bureaucrats & Politicians

SDG GOALS

Strategic plans and sustainable
goals to transform the Nation

TECHNOLOGY

Connecting with Innovators
& social entrepreneurs

OVERARCHING THE ME : LEADERSHIP BOOT CAMP

The youth speak up and make an impact on agenda to bring out a change in our country. They take on the policymakers and highlight the need for new thinking that will take the country forward. The Youth Parliament Program will be a debate between the best debaters and policymakers and opinion-makers. To Create Awareness and Empower Youth through Youth parliament sessions where Youth can come together, think, discuss and debate on various issues, such as Education and Health, Electoral and Political Reforms, Judicial and Police Reforms, Local Governments and citizen-centered governance, Governance Reforms, Instruments of Accountability, Public Policy Reforms in India. The platform will inspire the youth to express their views in an organized way. It will also allow for the emergence of bright future leaders.

This is the 1st Leadership camp in South India which will be a 3-day program with 100+ delegates across the nation and the world come together and stay on one campus. The program is graced by over 30+ speakers including union ministers, bureaucrats, parliamentarians, grassroots reformers, social leaders, academicians, impact investors, and young achievers. Leadership Boot Camp has been carefully designed to deliver holistic learning, exposure, and mentorship to the future leadership of the nation.

The Leadership Boot Camp is an effective boot camp that focuses on three main required agendas for the development of our nation i.e. Policy Development, Sustainable Development Goals, and Technology. This program provides the capacity of understanding these agendas for the youth and the people of the present generation. It provides a great platform for the youth to share knowledge, ideas, spread connection, dispose of criticism and openly speak about the very much crucial needs of our developing country.

LEARNING OBJECTIVES :

The Leadership Boot Camp will include a discussion on the proposed bill, general opinion & Suggestions from the members and then pass of a resolution with necessary changes. It will surely be an engaging & enriching session & worth your time!! Your presence will surely add value to the program the participants will be able to Educate and Develop – Learn the knowledge and skills necessary to address key sustainable development issues based on their specific track Connect and Engage – Join the dialogue and network with fellow delegates, leading organizations, and experts in their chosen field Act and Impact – Propose solutions and plans to drive action for sustainable development.

Youth Parliament Program (an Initiative of Swatantrata) has effectively hosted Bootcamp focusing on three main themes of development being Policy, Sustainable Development Goals, and Technology. The Bootcamp provided a platform for the youth to share knowledge, ideas, and dispose of criticism and openly speak about the crucial needs of a developing country.

This was the first Leadership Camp in Hyderabad (India) which hosted 100+ delegates from across the nation and world. Bootcamp has been successful in bringing together like-minded youth to become key players in the global reform. The Bootcamp has been highly successful for Swatantrata to reach 500+ students, entrepreneurs, developers, and policy practitioners.

Through our events, we were able to bring hundreds of students, entrepreneurs, and policy professionals together to discuss the most pressing policy and development issues. The Leadership Bootcamp was organized very successfully in association with the Council for transforming India and 100 Smiles foundation and supported by JD Foundation and Abhaya Foundation, VNR VJIE, and VNR Student force

DELEGATES TESTIMONIAL

Miss. bhogadi sreeja
Engineering student

I'm 2nd year UG student currently pursuing in CSE from GRIET. Leadership Bootcamp has provided me with a vast understanding of contemporary reforms in the world and helped me make knowledge sharing and real-time networking connections with like-minded people who come from all walks of life. It was an interactive session with all speakers and we got to know a lot from them and what it takes to be at the top-notch, moreover many speakers even guided us a few steps on how to reach out on our goals and even suggested us with few books and authors from whom they have been inspired. moreover, they encouraged us to make the best from the Bootcamp.

One of the best experiences in my life. A very great platform to see many of the amazing personalities. Got insights on various topics, views of different mindsets, and saw efforts many people. I will be very glad to attend these boot camps in the future. I am sure Leadership Boot Camp will continue to identify and nurture the next generation change agents for the Nation and evolve into a Center of Excellence. I am eagerly looking forward to the next edition of the Leadership Boot Camp.

Miss. Sai Sarika Devisetty
Engineering Student

Mr. Prasanth Lagudu

Student - Andhra University College of Engineering

As an individual who wants to bring about change at a macro level someday, the Leadership BootCamp has been a perfect bridge to channelize my potential. As fellow is different from the other and entails a learning experience unlike any other. The experience has equipped with the insight to address a myriad of issues and formulate viable solutions. The LBC has helped me to gain further clarity on areas of interest that I would like to build a career in, by offering interdisciplinary exposure into a diverse array of policy issues. Genuine change never comes at gunpoint, but through winning hearts and minds.

It was a very nice experience meeting the speakers and making new friends. I feel we need to have such programs across the country. It comes to an opportunity for us to meet like-minded people and bring in different speakers to get a bigger picture of the issues we are facing and definitely the solutions. We are all aware of the problems in India and change is needed at a certain level. We have no dearth of talent as well as the youth population. LBC is putting its impressions to achieve the gap. The art of questioning, The right of use of power, hard-skills, policy these are the traits the youth requires to reach accolades, these are the key things Bootcamp envisaged.

Mr. Prashanth KB
Engineer

Mr. Sandeep Gonti
Business consultant

It was a very informative session and an engaging one. Being coming from an engineering cum management background I always have some dilemma about how the policies are framed and what is the basis someone will frame the policies. Sessions had helped me to learn how a simple policy had such a big impact on society. I had an opportunity to meet like minded people who have a keen interest in building the Nation. I always have a strong feeling that youth should play a key role in politics, where one of the sessions on the same theme helped me how things work out at a ground level and how one should overcome that. This kind of platform helps a lot of changemakers who have a strong commitment to change society.

DELEGATES TESTIMONIAL

Miss. ChandraMallika Peruri,
Assistant Manager, CENTRALBANK OF INDIA

The Youth Parliament Program - LBC the name itself amused me first. In this event of three days with a good list of speakers mainly Dr, Jayaprakash ji, I came to know something about public policy and its importance and its implementation and People running NGOs for different causes like sustainable development of resources like water and climate, etc and also interacted with economists and MLAs political people who explained a few real things in politics and some entrepreneurs and this session made me interact with a few like-minded people and helped me find out a few more ways in serving my nation.

Firstly thank you YPP for carving out such a splendid program called "Leadership Bootcamp". Right from volunteering to participating, Cherished many wonderful experiences. I met a lot of amazing delegates almost everyone with great intentions of working in various fields and professions. And the thought exchanging process with the eminent speakers was an absolute opportunity. Each session with each new topic set the standards of the program at a peak level. The sessions were also planned and executed well. Also thank you YPP team for trusting and believing the capabilities of Team VNRSF. It's been an amazing journey with you all.

Mr. L. Vinay
Student Org. VNRSF

Mr. Sandeep Chary
Agriculture Student

I am glad to attend YPP where I got to meet and Interact with people who are serving society and working for the improvement of the nation which inspired with to do my part, The best for improving myself and the needy. I Saw and meet many great personalities, I believe that before making a decision one should debate as much as they can and make constructive criticism so that we will get to know different views which were happened here, great to see people have a different point of view. Peer learning always helps. More and more session of this kind has to happen every part of the corner.

I am an Electronics engineer student with a specialization in VLSI Domain. YPP kindled me to have a much more granular understanding of public policy at an individual level to become an informed citizen. To navigate the challenges posed in the 21st-century fast-paced technology-driven knowledge economy, technology advancements leapfrog into the future while Law crawls into the present. YPP helped me in identifying nuts and bolts of policy formulation and issues encountered while deploying policy in the field and opened avenues on how I as an individual citizen can contribute to making my country a better place. It helped me in crystallizing my existing knowledge.

Mr. Arpit Awasthi
PhD Research Scholar Osmania University

Miss. Sowmya Konatham
PG(development studies) student, civils aspirant

It was a great experience to network with people from different areas of studies and fields of work coming together to do something more for the society and people around them. By seeing everyone with so much energy, curiosity, and enthusiasm to learn, take part, and contribute, it boosted my energy levels and gave me sense courage and confidence that I'm not alone. Panelists and speakers from various domains broadened my perspective, making me assure that development is inclusive, it doesn't limit to political or administrative fields, though they play a visible role. Improved my networking range, motivated, and managed to get a good understanding of various domains of work like a business, social enterprises, policy, and politics.

Mr. Mohith
Engineering Student

Firstly, I got a chance to work with the young changemakers who are very essential for a better tomorrow in our nation and also the experience I got with young farmers, politicians, policymakers, entrepreneurs are something that I can't get at any regular boot camps. The whole Bootcamp for 3 days is very homely. the hospitality was amazing. I hope you guys will conduct many more camps like this and develop a great atmosphere for the empowerment of this nation and take forward the vision of mentors of Youth Parliament.

If you think great leaders are born and not made think again, the leadership boot camp emphasized the point that with a little hard work we all have it in us to be great leaders. I felt like a great opportunity created for me to network with other leaders and to draw on their experiences, I was truly motivated by the people around me. I heard the different perspectives and it helped me to map out a plan to avoid traps and pitfalls. this camp by youth parliament program with all efforts bought all like minds together, great energy, and passion in all and around to change the destiny of in a constructive way.

Mr. Kone Venkatesh
Assistant Professor KL University

I am privileged in the part of The Youth Parliament -Leadership BootCamp held in February 2020. It brings me confidence that no one is alone in this society to bring the change. Especially this camp helps me to get clarity in vision, direction to approach and support to achieve goals, all this happened with the help of Eminent keynote speakers and healthy discussion on key principles and practices across a wide range of national issues. Apart from the insights and perspectives shared by the speakers, it was a memorable experience being in the company of spirited youth for 3 days and I thoroughly enjoyed the exchange of ideas and we could make good friendships as well.

I can say that Leadership Boot Camp is the ideal platform for youth to interact and engage with outstanding individuals and organizations from diverse sectors and a great platform to network and collaborate. I strongly believe this experience can be a defining moment in the delegate's career and I believe this is just the beginning of our association. In my experience, I can say that the YPP is the ideal platform for youth to interact and engage with outstanding individuals and organizations from diverse sectors and a great platform to network and collaborate. The keynotes of speakers and their suggestions are very productive and had an impact, our interest and excitement increased session by session.

Mr. Sunilkumar Neelam
Entrepreneur

It was a nice experience during Leadership Boot camp, highly appreciable all your efforts. just a small thought if possible prepare a year plan. "Where there is no vision, people will perish" identify the needs for better India..start a movement national level. will work together thank you so much for the opportunity.

TEAM TESTIMONIAL

A lot can happen over coffee, the coffee which we had on Nov 2019 & the discussions we always have together to build the Nation with strong policies has given an idea to start Leadership Boot camp after a lot of efforts it became a reality in Jan 2020. We had a 3days camp that involved discussions on Policy, Politics, Entrepreneurship with 100+ participants & 25+ speakers throughout the Nation. I Thank Everyone for joining us in this camp, looking forward to launching more meaningful camps

Mr. Manojkumar Chittimalla
YPP Program Manager &
Founder 100 smiles charity foundation

Mr. Rohith Vakrula
Project Manager LBC & Founder
,Council for Transforming India

I personally and on behalf of Council for Transforming India (CTI) have been glad to co-host the "Leadership Boot Camp" organized by a group of good friends at Youth Parliament Program (YPP) any point in time, some kind of progress happens in the society at all levels - State, National & Global without no one's major interference. We have given a try to put the resources together to create and nurture the Group which can work as a catalyst in the development process. a lot of background work we made together putting all previous experiences and exposure to remark a good mark in the future role of "Tomorrow's India Builders" We are very happy and humbled at the same time for the magnified success of this edition of Leadership Boot Camp with greater hope and much enthusiasm to create many more.

Youth Parliament Program was an enthusiastic experience that lived up to the expectations and exceeded them. An opportunity to get exposed to so many perspectives had been very enriching and exciting. We tried The maximum extent to put together the diverse topics. I thank all the Speakers, Doners, Delegates, volunteers for putting together concerted efforts in creating the best impressions, interactions, and insights through the Leadership Bootcamp in various sessions.

Mr. Ranjith Kumar Duguntla
Administration Manager YPP & swatantrata

Mr. Vikas Katragadda
Founder & Convenor - Aikyaatha

Quality Human Capital is the greatest strength of a Nation and identifying and nurturing Leadership with character and competence is the need of the hour. Young India is eager to make a difference and their energy is our greatest strength, all they need is exposure, mentorship and guidance. The Leadership Boot Camp is a sincere endeavor to identify passionate youngsters who are committed for Nation Building and engage them in heart to heart conversations with outstanding role models from various facets of life and give them the much-needed exposure. Overall, We believe the role of state in the 21st Century should be that of an enabler, facilitator and a catalyst by providing the right ecosystem for individuals and organisations to reach their full potential and at the same time it should continue to be a service provider to the vulnerable sections and its intervention should be to empower them in real sense rather than perpetuating dependency.

The Leadership Boot camp was an enthusiastic experience that lived up to the expectations and exceeded them. An opportunity to get exposed to so many perspectives had been very enriching and exciting. I thank all the volunteers for putting together concerted efforts in creating the best impressions, interactions, and insights through the various sessions. The beauty of the experience is exemplified by the interactions that continue to this day. It's not an easy job to organize such a Boot camp with so many eminent accomplished individuals from various domains and walks of life. Thank you all.
